Annals of Pure and Applied Mathematics

Special issue on
"Graph Theory"

To be Publish on October 2013

This special issue is to be dedicated to the great Graph Theoretician
Dr. B.D.Acharya

The following three articles will be included in this issue
1. **Set-Valuations of Graphs and their Applications :A Survey**
    by **B.D.Acharya and K.A.Germina,** Central University of Kerala, Kerala
    E-mail: srgerminaka@gmail.com
2. **Intersection Graphs: A Survey**
    by **Madhumangal Pal**, Vidyasagar University, Midnapore, W.B.
    email: mmpalvu@gmail.com
3. **Fuzzy Graph: An Introduction**
    by **M.S.Sunitha**, NIT Calicut, e-mail: sunitha@nitc.ac.in

These three articles are written for the beginners as well for the expert researchers, particularly those are interested to study in these areas.

The pre-publication order is inviting from the interested researchers as a limited number of copies is to be printed. Please send your order to either
1. The Editor-in-Chief, Professor Madumangal Pal, email: mmpalvu@gmail.com or
2. The Publisher, email: hsr.inf@gmail.com
